Dear Miss Weston,

If you give the names of Speakers, &c in your account of the Bazaar, please not to omit mention of ^{Rev.} John Prince of Essex; — which I name, inasmuch as he was not named in the Liberator's paragraph last week, though Mr. G. designs to correct it.

I had a grand letter from your Sister Caroline - 2 sheets, the last cross lined all the way. I have sent it to Mrs. James Robbins, as there was something for her eye in it, and will send it to you when I get it again,

As I must soon be writing to Mr. Lupton to acknowledge the box, &c. I should like to be able to answer certain questions he asks, viz, what market the goods found, what articles sold best, ~~at~~ what prices the India ink sketches brought, &c. If you could yourself find time for a little note to Mr. (Harriet) Lupton, you could answer the above questions, &c. much more to the purpose

than I could, and I would enclose it
in one to Mr. Lupton, ~~and then~~

I have in my hands \$4. for the
"Liberty Bell."

When will Miss Emma be
ready for 'a Trip to Paris?

With sincere regards to all your
family, I remain

Most truly Yours

S. May
